Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule 1.322.

Respecting the alleged error in the Assignee, which is printed solely in accordance with the PTOL-85b (Issue Fee Transmittal), submitted by applicant at time of payment of the base issue fee, since the error was not made by the Patent and Trademark Office in printing of the patent, and since the ownership of the patent is extraneous matter not affecting the validity or technical subject matter of the patent, no correction is in order here under the provisions of Rules 1.322 or 1.323, unless a petition under 37 CFR 1.183 is granted.

In view of the foregoing, your request is hereby denied.

However, a petition under 37 CFR 1.183, whereas when the rules have been suspended, may be granted in an "extraordinary situation, when justice requires". Any petition under 37 CFR 1.183 should be directed to the attention of the Assistant Commissioner for Patents, using the following mailing address or FAX number:
